

It is our pleasure to present the Invercargill Licensing Trust (Group) Annual Report for the financial year ended 31 March 2018.

## **Invercargill Licensing Trust**

# Your City. Your Trust.

The Invercargill Licensing Trust belongs to you, the people of Invercargill. This concept of community ownership is both the Trust's uniqueness and its reason for being - with direct accountability back to its owners, the residents of our city. More than ever, there is an increasing appreciation around the globe for the benefits community organisations such as ours deliver.

**Our Vision:** For Invercargill to grow and develop into the best place to live, work and play.

**Our Mission:** To operate the best quality hospitality businesses, making it possible for us to return significant benefits to the people of Invercargill.

**Legacy** It's not a word which sits comfortably with Greg Mulvey but after 40 years dedicated to our Trust, he undoubtedly left one behind when he retired in March this year.

General Manager of the Trust since 1987, Greg's leadership era will be etched into our history books as one of success during a time of major societal change and, at times, economic turbulence.

Our commercial operations thrived under his astute management, enabling unrivalled funding contributions to our community totalling a staggering \$171,526,765.

The Trust's youngest ever General Manager when appointed at just 34 years old, Greg's induction into the Hospitality New Zealand Hall of Fame last year was a worthy accolade for his tireless commitment.

Results such as those you are about to read in the subsequent pages of this annual report don't merely happen. It takes sheer hard work from a loyal and talented team. Greg's significant influence certainly set a standard we will continually strive to uphold into the future.

# \$8.3 MILLION

returned in grants to our community

### **ILT Executive Management Team**

Greg McElhinney (Operations Manager), Angee Shand (Marketing & Sales Manager), Chris Ramsay (Chief Executive Officer), Nikki Buckley (Events & Corporate Sales Manager), Neil Affleck (Financial Controller), Terry Laidlaw (Purchasing & Off Premise Manager)

# Group Financial PERFORMANCE

### for the year ended 31 March 2018

The consolidated group consists of:

- · Invercargill Licensing Trust
- ILT Foundation
- The equity accounted value of the Invercargill Licensing Trust's investment in DB South Island Brewery Ltd.

The ILT Group achieved a surplus after tax, before grants, for the year of \$9.949 million. This satisfactory result enabled the Invercargill Licensing Trust and ILT Foundation to provide a high level of grants totalling \$8.318 million to a vast array of local community organisations.

### ILT (GROUP) NET AFTER-TAX PROFIT

	2018 (\$)	2017 (\$)
Invercargill Licensing Trust (Parent)	4,931,000	5,480,000
Change in Value of Associate Company	(30,000)	36,000
ILT Foundation	5,048,000	4,628,000
Consolidated (Group) Surplus after Tax	9,949,000	10,144,000
Less Grants Allocated	(8,318,000)	(8,750,000)
Net Surplus for the year	1,631,000	1,394,000

#### **OVERVIEW**

- The Invercargill Licensing Trust produced a net surplus after tax, before the allocation of grants, of \$4.931 million.
   This was lower than last year's \$5.48 million surplus due to a higher than normal level of Project Repairs and Maintenance costs incurred in the 2018 year.
- Value of Associated Company: The value of the Trust's investment in DB South Island Brewery Ltd decreased by \$30,000 (compared to a \$36,000 increase recorded last year) due primarily to the timing of profit distributions which affects the net tangible asset value included in the Group financial statements.
- The ILT Foundation achieved an increase in surplus to a total of \$5.048 million (up from \$4.628 million) due to a small increase in revenue and continued good control of operating expenses.
- The level of grants made to the community for the year totalled \$8.318 million compared to \$8.75 million last year.

### INVERCARGILL LICENSING TRUST (PARENT) FINANCIAL PERFORMANCE

The Invercargill Licensing Trust's pre-tax operating surplus, before grants, is \$6.482 million. This is lower than last year's \$7.601 million due to a higher level of Project Repairs and Maintenance costs being expensed during the year. Most of this expenditure resulted from the continuing refurbishment of our hotel and motel accommodation rooms along with a special project this year to repair the west wall of the Kelvin Hotel building.

After excluding these additional maintenance costs and other extraordinary items from both year's results the underlying pretax surpluses are \$7.875 million in 2018 and \$7.742 million in 2017 – an increase of \$133,000 or 1.7%. The main factors contributing to this increase were:

- Total sales for the year were \$91.1 million an increase of \$2.562 million or 2.9%. Our bar, restaurant and accommodation sales increased by a modest \$163,000 or 0.5% and our bottle store/liquor distribution sales increased by \$2,399,000 or 4.4%.
- Total operating expenses increased by \$481,000 or 1.5%, a good result for the year given the overall increase in sales activity and the continuing inflationary increases in expenditure.
- The combined trading profit, before tax, from our various businesses increased by \$287,000 or 5%. A full 12 month's operation of the new Waikiwi Tavern/Foundry Restaurant business, that opened in November 2016, made a good contribution towards this increased result.
- Our investment income reduced by \$154,000 or 7.5% due to lower interest rates being received on our maturing and reinvested funds during the year.
- Grants of \$3.247 million were allocated, slightly lower than the \$3.67 million distributed the previous year.

### FINANCIAL STRENGTH

The Trust's financial position remains very strong with a low level of term debt and total assets of \$97.5 million, compared to \$94.7 million last year. This includes significant cash reserves available for future development projects which will ultimately benefit our community.

- Equity has increased by \$1.9 million to a total of \$80.5 million.
- Equity represents 82.5% of total assets.

# How each dollar of Invercargill Licensing Trust income is distributed

# Operating profit over the last 5 years (before deducting Taxation and Grants)

# Investing in the FUTURE

Our long-standing strategy to reinvest significant levels of capital into our existing portfolio saw a variety of renovation and maintenance projects undertaken at our establishments during the year. The more significant projects included:

# WAXY'S IRISH PUB

Slainte! Whilst maintaining key features like the roaring open fire, a \$400,000 rejuvenation of our Irish bar – its first extensive revamp since opening in 2001 – has proved popular with patrons. The recent addition of a Pool Room to the north has added even further appeal to this innercity establishment.

# ASCOT PARK HOTEL

Invercargill's premier hotel continues to exceed expectations in the hospitality industry following extensive makeovers to all 26 rooms located in the east wing. It's the first phase of a \$2.1 million investment which will ultimately see 56 rooms transformed into a contemporary space with a luxurious feel.

# WINDSOR WINES

Demand prompted the creation of a larger Tasting Room at Windsor Wines to cater for the increased interest our Tuesday night tastings were generating. This dedicated space has been tailormade to ensure both suppliers and our own wine connoisseur Stephane Fabre have an ideal setting to showcase quality product.

## ILT FOUNDATION

The ILT Foundation, now in its 12th year of operation, was set up in 2006 by the Invercargill Licensing Trust.

Owning and operating 163 gaming machines within 10 Invercargill Licensing Trust establishments, the ILT Foundation's key purpose is to distribute grants generated from gaming machines to benefit the community of Invercargill.

\$60 million has been redistributed across our community, to a variety of non-profit organisations, charities, welfare agencies, educational and arts organisations and amateur sports over the past 12 years.

The ILT Foundation's model has a lean organisational structure and is designed to be responsive to our community, to ensure the greatest level of grants are returned to our community.

The ILT Foundation recognises gaming as a sensitive product, is very aware of the social responsibility and is committed to providing safe and enjoyable gaming venues. The ILT Foundation works together with the ILT venues to ensure gambling harm is minimised.

The ILT Foundation continues to be one of the highest performing gaming trusts in New Zealand with regard to grants returned to the community and our proactive approach to operating safe venues.

In addition to grant funding, the ILT Foundation has an extensive scholarship programme. The scholarships available include Arts/Cultural, NZ representative scholarships, as well as a number of tertiary and trade scholarships.

- Total grants allocated for the year were \$5,070 million, previous year \$5,082 million.
- Revenue was \$10,173 million previous year \$9,599 million.
- The Trustees of the ILT Foundation continue to have a strong focus on community benefit.

Lisa-Maree Fleck Manager ILT Foundation

# Grant Distribution Return To Community for year ending 31st March 2018

ILT Foundation achieved grant distribution return

# Supporting our **COMMUNITY**

From education, health and welfare to recreation and the arts, the \$8.3 million in funding we returned to the community during the past financial year positively impacted on a diverse array of organisations.

Comprising \$3.247 million from the ILT and \$5.070 million from the ILT Foundation, our grants undeniably made a tangible difference in every sector of our society.

Like you, we're proud to call Invercargill home and are genuinely invested in the future of this city – our enduring quest to initiate and fund valuable projects is testament to that.

But let's face it - giving the money away is the relatively easy part. Making it work in a beneficial way takes a united approach and the efforts of many.

Ultimately, the greatest gauge as to the true value of our funding is evidenced by what the money visibly achieves. Here's a snapshot of your Trust at work.

### ILT and ILT Foundation Grants by Category 2017/2018

# Relay for Life

From gumboot throwing to grown men racing scooters around an obstacle course in the Newfield Tavern carpark, our staff took an energetic approach to fundraising for the 2018 Relay for Life.

As staff and patrons united to raise vital funds for the Cancer Society to assist Southland families, their efforts were rewarded with over \$11,000 donated, blitzing the initial goal of \$5000.

Organiser Allison Bishop was thrilled with the response to the cause.

"Everyone just embraced it and it grew from there. It went quite viral," she said. "Even though it was driven by our establishments, their patrons really got involved as well so it was great to see everyone working together to support the cause."

"Everyone is affected one way or another by cancer so it really resonated with people. From the board and executive management to staff across all levels of the Trust, everybody did something to help at some stage along the line."

"From the board and executive management to staff across all levels of the Trust, everybody did something to help at some stage along the line." Allison Bishop

The relay itself was a family affair, with staff and their children alike relishing the positive atmosphere and community vibe onsite. Trust mascot ILTon was a popular feature as he was carried eagerly around the course.

"It was a lot of fun and everyone is keen to do it again in the future."

Complementing the dedicated efforts of our staff in supporting such a worthy community event, the Trust contributed a \$6000 grant to assist with operating costs involved with the 2018 Relay for Life.

# Splish splash

ICC Aquatic Services Manager Pete Thompson witnesses the flashes of envy first hand when he talks about Invercargill's school swimming programme in other regions.

"One of the things I speak very proudly of is the partnership between the ILT and the council to deliver a programme which I have no doubt has helped save lives," he said.

"We are often seen through green envious eyes around the country for what we are achieving here.

In the last financial year, the Trust granted \$158,723 (\$25,000 ILT and \$133,723 ILT Foundation) to the programme, providing swimming lessons to all primary school children in the ICC rates area – a staggering 39,915 lessons to be precise.

It's a long-standing collaboration – a \$1.5 million grant in 2004 contributed to the construction of a learner's pool at Splash Palace, followed by annual funding for the programme since its inception in 2006.

"This programme is a hugely important one for our community which benefits our kids in so many ways. Not only is it equipping them with the skills to swim, it's also developing their self-confidence and self-esteem. For some of these kids, it's the absolute highlight of their week."

It's easy to gauge the level of enthusiasm.

"We have signs up around the pool 'please walk' and 'don't run' but kids usually come steaming through with such excitement it's hard for them to contain themselves," Pete said.

"The ensuing madness when they hit the changing room and can smell the pool is loud and some people probably find it an assault on their senses, but it's fantastic to see their energy. It's a hugely enjoyable experience for the kids."

"One of the things I speak very proudly of is the partnership between the ILT and the council to deliver a programme which I have no doubt has helped save lives" Pete Thompson

### Shakespeare in the Park

Photo courtesy of Phil McCarthy

# Culture

An extravaganza showcasing Maori and Pasifika, Polyfest attracts thousands of participants each year and was one of several cultural events which shared in \$91,992 of funding. Tu meke!

# Community

Earning national accolades for its innovative model, Koha Kai featured among the numerous organisations to benefit from over \$602,000 invested into life-changing wellbeing initiatives for our community.

## For Art's Sake

Now here's something to sing about! Over \$400,000 in funding was awarded to the arts sector, covering all genres from dance to literature and the theatrical magnificence that is Shakespeare in the Park.

# Health

It's true what they say - the greatest wealth is health. That's why over \$378,000 of funding was injected into a vast range of health-related initiatives, helping everyone from precious newborns to our elderly residents.

ILT Scholarship helps launch radio

Jack Honeybone has always had the gift of the gab. Now he's making a career of it.

After graduating from the New Zealand Broadcasting School last year with top marks and a coveted award to his credit, the ILT Tertiary Scholarship recipient embarked on an internship at The Rock radio station.

Impressing with his energy and creative talents, he now produces Rock Nights and develops digital content for Rock Drive with Thane and Dunc – ranked the number one drive show in the country – along with weekend announcing duties.

"I love the intensity of working for a brand like The Rock. Radio really appeals to me because it's always evolving so there's no protocols as to what you have to be doing. It's never just black and white," Jack said.

"For me it's about being part of entertaining people and making them feel a bit better in some way, shape or form."

The bright lights and bustle of Auckland are a far cry from a caravan parked at ILT Kidzone where Jack first discovered his passion for radio as a teenager.

"I got pulled in to help at the festival and ended up announcing on Radio Kidzone for three years. That's where I first gave it a go and I guess caught the bug."

"Being accepted into the New Zealand Broadcasting School changed my life forever and the ILT Scholarship was really important in terms of having the confidence to do it. I wouldn't have been able to achieve what I have without the support I've had and I'm incredibly thankful for that."

Golf has taken on a new dimension at Invercargill's picturesque Queen's Park.

Trust support was instrumental in the creation of an 18-hole disc golf course – one of the city's most popular new recreational activities

Invercargill residents have taken to the sport with vigour, families of all ages getting out and enjoying the chance to take part in a free, fun and accessible activity which caters to a wide range of abilities

Since officially opening in November 2017, its already hosted New Zealand's most well-attended national competition.

The story behind the initiative is one of collaboration, with funding coming from the ILT, Community Trust of Southland and the Invercargill City Council-administered Active Communities fund.

What began with the dream of a small group of disc golf enthusiasts, blossomed with support from Sport Southland's Healthy Families Invercargill team, along with the Invercargill City Council's Youth Council and Parks Department.

Disc Golf South, a new entity created with help from Sport

Southland, is now the sport's fastest growing club in New Zealand, with more than 50 members.

Inaugural president Martin Conway was also named BDO Administrator of the Year at this year's ILT Southland Sports Awards.

Sport Southland chief executive and Healthy Families Invercargill chairman Brendon McDermott said the Queens Park disc golf course initiative might never have happened without support from community funders like the ILT.

"We could see the potential for a lot of great benefits for the community - encouraging families to get out into nature together, a low or no cost physical activity option, something which suited all sorts of abilities - but with only a small group to drive this project it would have taken a long time to fundraise for," McDermott said.

"We always thought the disc golf course would be popular, but we underestimated just how successful it would be. It's fantastic that those stakeholders who have been involved are looking at other opportunities like this for our community."

The initiative was also a powerful example of stakeholders working together for the good of the community, McDermott said.

"The Queens Park disc golf course initiative might never have happened without support from community funders like the ILT." Brendon McDermott

forging a career

- A record level of redevelopment work has been planned for the coming year as we maintain our strategy of reinvesting in our businesses with the goal of helping maintain profitability in future years.
- Due to the significant redevelopment work scheduled, the Invercargill Licensing Trust's budgeted pre-tax surplus for the coming year is expected to be below this past year's result. Underlying profit is anticipated to be slightly ahead of that achieved in this past year.
- The ILT Foundation's net surplus, available for grant distribution, is budgeted to match previous year's result.
- The level of financial and other support provided by the ILT Group to the numerous community organisations we assist is projected to be at comparable levels to the past financial year.

### The Invercargill Licensing Trust Board comprises:

Alan Dennis (President), Mike Mika (Deputy President), Paddy O'Brien, Sean Bellew, Suzanne Prentice and Angela Newell.

### The Trustees of the ILT Foundation are:

Alan Dennis (President), Mike Mika (Deputy President), Paddy O'Brien, Sean Bellew, Suzanne Prentice, Angela Newell, Jason McKenzie and Chris Ward.

### "The whole is greater than the sum of its parts" Aristotle

First coined by the philosopher Aristotle, this phrase aptly applies to our Trust. For us, it takes a team of 700 people to achieve success. Every member of our Board, management and staff play a vital role in our accomplishments and we wish to record our sincere thanks for the exceptional contribution they make to our organisation and the community we serve.
